**SOIL STOCKPILE REPORT, PARCEL A, REPORT No. 2 - McDONNELL DOUGLAS C-6
FACILITY - LOS ANGELES, CALIFORNIA (FILE NO. 100.315)**

We have received and reviewed the Soil Stockpile Report for Parcel A, Report No. 2, at the McDonnell Douglas C-6 Facility in Los Angeles, dated May, 1997. The report presents the results of confirmation sampling and requests approval to reuse, as backfill, soil from stockpiles B37-RE-2 B and C, and stockpiles B37-RE-4 U through AL. Based on the data presented in the report, we have no objection to the soil from the above referenced stockpiles being used as excavation backfill at the site, as requested.
